

# NAC SETAC 29<sup>TH</sup> ANNUAL MEETING

## PRELIMINARY SCHEDULE

The 29<sup>TH</sup> NAC SETAC Annual Meeting and Short Course will be held on June 20-21, 2023 at University of Massachusetts Amherst Campus. We are now accepting abstracts for poster and platform presentations.

This year's Annual Meeting will begin on the afternoon of Tuesday, June 20 following the short course. The Annual Meeting will feature platform presentation sessions and a poster social. Session topics will include, but are not limited to:

- Sediments
- Risk Assessment
- Emerging Contaminants
- Toxicology
- Human Health
- Environmental Data Tools

If you have research or a topic that you would like to present but it may not fit neatly into one of the above session topics (e.g., AI in Science), please submit an abstract for consideration.

We add and refine sessions to meet our content.

Platform presentations will be 15 minutes in length with time for questions from the audience. A poster social will take place on the evening of June 20.

**Student presenters will be eligible for our Student Travel Awards and Best Presentation Awards!**

For more information or to submit an abstract, please visit our website:

Preliminary schedule is subject to change: watch for updates on our website, LinkedIn, and Facebook
